As people get older the chance of developing dementia increases. The most common form is Alzheimers disease, which around two-thirds of people with dementia have. The symptoms each person experiences depend on the parts of the brain affected. Most common symptoms include changes in memory, thinking, behaviour, personality and emotions.

Alzheimers Gisborne-Tairāwhiti work alongside those diagnosed with dementia and their whanau, offering service and support needed.

Any donation you make will be invested, protected and grown each year in line with inflation. The surplus investment income will be granted back to Alzheimers Gisborne-Tairāwhiti every year, meaning your donation will keep supporting them forever.

Make your charitable giving have a bigger impact

When making a will many people want to give something to their community or leave a bequest to their favourite charitable cause. It's a common misconception that only wealthy people leave money to charity when they pass away. Most bequests are made by everyday hard working New Zealanders who want to make a positive difference in their community and other people's lives. You may consider leaving a percentage of your estate or a specified sum in your will to the Alzheimers Gisborne-Tairāwhiti Fund, confident in the knowledge your bequest will be an enduring legacy for Alzheimers Gisborne-Tairāwhiti.

Over 20 years your donation will double in size and grants to the value of your original donation will have been granted to worthy causes. Over 50 years your donation and the total grants to our community will be 5 times more than your original donation.
