Support the  
**Dialysis  
Tairāwhiti**  
Endowment Fund

## The Dialysis Tairāwhiti Fund

will help with the future care of dialysis patients in Tairāwhiti-Gisborne.

**There are many causes of kidney disease, high blood pressure and diabetes being the most common.**

**Uncontrolled diabetes negatively affects quality of life and can be fatal.**

With the high incidence of diabetes on the East Coast the Dialysis Unit at Gisborne Hospital has experienced a marked increase in the number of people requiring dialysis and this is expected to keep increasing in the future.

The harsh reality is most patients will be on dialysis for the rest of their lives. The **Dialysis Tairāwhiti** Fund will help to make treatment as enjoyable as possible.

All donations to the **Dialysis Tairāwhiti** Endowment Fund are invested, protected and grown to keep up with inflation. The surplus investment income will be returned to the Dialysis Unit at Gisborne Hospital each and every year forever.

If you would like more information on how you can make a difference for Dialysis Tairāwhiti call Glenda at the Sunrise Foundation on 06 867 7939 or [glenda@sunrisefoundation.org.nz](mailto:glenda@sunrisefoundation.org.nz).

# Leave a lasting legacy

## What does Sunrise do?

- We raise funds from donations and legacies
- We invest funds retaining the capital and generating income
- We use income from investments to provide grants for local charities and organisations

**The Sunrise Foundation is a simple and lasting way to support local charities, organisations and causes that are important to you.**

You can choose to donate to Sunrise's General Fund or your favourite charity or cause through a special interest fund. You can support causes that are close to home and close to your heart.

Sunrise is an organisation for local people to give for local needs, to help build a strong future for Tairāwhiti-Gisborne forever.

## The value of a donation to Sunrise

All donations and bequests to Sunrise are invested in endowment funds in perpetuity (forever). Every year some of the investment income is retained to ensure the donation grows in line with inflation and is protected from future market fluctuations. The balance is granted back to the community (and in the case of Dialysis Tairāwhiti to the Dialysis Unit at Gisborne Hospital) each and every year forever.

Over 20 years your donation will double in size and grants to the value of your original donation will have been granted to worthy causes. Over 50 years your donation and the total grants to our community will be 5 times more than your original donation.

## Leave a legacy in your will

When making a will many people want to give something to their community, or leave a bequest to their favourite charitable cause. It's a common misconception that only wealthy people leave money to charity when they pass away. Gifts in wills, or bequests, are not just made by the rich and famous. The reality is most bequests are made by ordinary, hard working people who want to make a positive difference in their community and other people's lives. You may consider leaving a percentage of your estate or a specified sum in your will to the Dialysis Tairāwhiti Endowment Fund, confident in the knowledge your bequest will be an enduring legacy for dialysis patients in Tairāwhiti-Gisborne
